

RYÛKYÛ KOBUDÔ TESSHINKAN KYÔ KAI - EUROPE -

Guide for heads of dôjôs and examiner

Guide for heads of dōjōs and examiner

(2019-08-01)

Preface

- 1) The technical director for Europe (Shibu-Chō of Europe) authorizes the technical directors (Shibu-Chō) for each European country.
 - 2) The technical directors of each country (Shibu-Chō) are responsible for the proper observance of this guide and organization in their country.
 - 3) Every payment has to be in either Euro or Yen.
 - 4) Are teachers active in country in which they are foreigners, they have to inform the corresponding representative (Shibu-Chō) of the country they aim at teaching in 20 days in advance. Furthermore, they have to have their seminars approved by the corresponding representative (Shibu-Chō). In case of there being no official representative, the approval has to be requested from the technical director for Europe.
The money raised from examination fees (minus the fee for the certificates and examiners) has to be put at the disposal of the hosting country to support the growth of the Teshshinkan in said country. The money has to be transferred to the corresponding official representative (Shibu-Chō), or in case of there being none, the technical director of Europe. The official representative of the hosting country (Shibu-Chō) has to be granted the right to participate in the planned dates.
- * The numbering system follows the British system
(“.” separates integers from fractions, “,” separates blocks of three).

Members and passports

- 1) Not later than by passing the 5th Kyū (yellow belt) the student has to receive his Teshshinkan-passport as document of his development (seminars and tests).
The Teshshinkan-passport has to be ordered for a fixed fee (currently 5.00 Euro for each + shipping) from the technical director of his country (Shibu-Chō) by the head of the dōjō or respectively examiner not later than 14 days before the planned date of examination.
A) In case of students (both graduate and under-graduate) and pupils it is possible to have them examined for both 5th and 4th Kyū without having a Teshshinkan-passport. The testees only receive an approved European Teshshinkan-Kyū-diploma about their passed examination, if passed.

- 2) Not later than by passing the 3rd Kyū (green belt) the student has to apply for membership in the RYŪKYŪ KOBUDŌ TESSHINKAN KYŌ KAI. This is directly connected to a nonrecurring payment of (currently 50.00 Euro, respectively 5,000 Yen) and to the delivery of passport photography (3x4 cm).

The application has to be sent to the technical director of each country (Shibu-Chō) who transmits it to the head of RYŪKYŪ KOBUDŌ TESSHINKAN KYŌ KAI or alternatively transmits it to the technical director for Europe.

Examining licences

- 1) Every Teshshinkan-black-belt is allowed to examine for Kyū-grades, as long as he has a current and valid dōjō-licence by the head of RYŪKYŪ KOBUDŌ TESSHINKAN KYŌ KAI.

- 2) Additionally the current DAN-rank determines the examiner category:

- C-examiner: at least 2nd DAN Teshshinkan, is allowed to examine for up to 4th Kyū in his country.
- B-examiner: at least 3rd DAN Teshshinkan, is allowed to examine for up to 1st Kyū in Europe.
- A-examiner: DAN-tests are exclusively held by the head of RYŪKYŪ KOBUDŌ TESSHINKAN KYŌ KAI.

A commission of two people having at least the 4th DAN, are allowed to examine up to the 2nd DAN together.

A commission of three people having at least the 4th DAN, are allowed to examine up to the 3rd DAN together.

A commission of three people having at least the 5th DAN, are allowed to examine up to the 4th DAN together.

All members of the commission do have to have the required rank (4th respectively 5th DAN).

- 3) Before becoming active an examiner has to pass a course of instructions for examiner held by the technical director for Europe.

KYŪ examinations

Rank requirements

All Kyū-tests have to be performed according to the measures of the Kyū-rank requirements (KOBUDŌ) for Europe approved by TAMAYOSE HIDEKI in 2004.

Organizing an examination

1) Prior to the examination:

- A) 20 days prior to the published examination date the testees have to register with the organizing dōjō or examiner.
 - (* Which student applies for which test?)
 - * How many students take which tests all in all?)
- B) Until 14 days prior to the published examination date the corresponding amount of examination diplomas (5.00 Euro each + shipping) and diploma numbers for each Kyū-grade have to be ordered from the corresponding technical director of one's country (Shibu-Chō).
- C) The testee has to fill in the application form for the Kyū-test thoroughly and clearly with his personal information and give it together with the examination fee prior to the test to the examiner.
- D) The examiner has to check whether the testee fulfils all organizational conditions to be tested:
 - minimum age,
 - preparing time.
- E) If one does not fulfil the requirements of the aspired test, one must not be examined yet.
- F) Exceptions for Kyū-tests are possible in case of well-founded particular cases if the technical director of one's country (Shibu-Chō) approves.

2) **Course of the examination:**

- A) Every examination has to be performed worthily.
- B) Examiner and testee have to behave worthily.
- C) The given rank requirements are obligatory. Previous knowledge about prior tests may be demanded to be demonstrated as control sample.
- D) Orders regarding the ceremony, commands and technical definitions shall be done in Japanese.

3) **Posterior to the examination:**

- A) The examiner shall fill the new Kyū-grade of the testee in the section "Rank Kyū" of the Teshshinkan-passport:
 - * column „Date“: upper part - date and place,
lower part - name of the examiner in block letters and the diploma number.
 - * column „Stamp / Signature“: name stamp of the examiner and signature.
- B) Apart from that the examinee is given a European Teshshinkan-Kyū-diploma which is to be filled in and sealed properly by the examiner.
- C) The properly completed Kyū-forms and the organizational fee which is included in the examination fee have to be sent to the technical director (Shibu-Shō) of one's country within 14 days directly after the test.
- D) The technical directors of the countries (Shibu-Chō) shall collect all data about the examinations. The data of a current year shall be sent as a list to the technical director for Europe not later than until 31st December.

Examination fee

- A)** Every student has to pay an examination fee for each Kyū-test (currently 15.00 Euro). The examination fee consists of:
- 5.00 Euro for the diploma,
 - 5.00 Euro for the examiner as expenses,
 - 0.00 - 20.00 Euro (*per respective Kyū-grade*) for the corresponding organization.
- B)** The fee for the corresponding organization shall be transmitted to the technical director (Shibu-Chō) for one's country by the examiner. This collected amount of money shall be used in order to fund Teshshinkan-seminars, -competitions and -advertisement in their respective country.

The course in case of failing at a test

In case of failing the following things shall be done:

- A)** The date of the failed examination shall be written with tiny letters into the column "Stamp/ Signature" of the respective Kyū-grade
- B)** The examination fee cannot be refunded, since the examination usually has already taken place and the European Teshshinkan-Kyū-diploma has already been prepared.
- C)** This prepared European Teshshinkan-Kyū-diploma has to be destroyed.
- D)** Since the diploma's number become vacant again, it shall be reported back to the technical director (Shibu-Chō) of the respective country, thus it may be used for further examinations.
- E)** Only after having trained for another regular period of preparation (according to the rank requirements) the student is allowed to take the examination anew.

Dôjô - licences

In order to be officially allowed to teach Tesshinkan-Kobudô in one's dôjô, it is necessary to purchase a dôjô-licence by the head of RYÛKYÛ KOBUDÔ TESSHINKAN KYÔ KAI.

TAMAYOSE HIDEMI SENSEI has pointed out that not everyone applying for it gets it necessarily. He pays much attention to the applicant teaching good Tesshinkan.

(This is a usual procedure in Okinawa. If a Senpai has reached at least the 5th Dan, he will be allowed to ask his Sensei, whether he may open his own dôjô. If his Sensei agrees, the Senpai will pay an annual fee in order to be allowed to teach his system. This is quite similar to computer programme. If one wants to use it, one will have to buy a licence.)

Since there are not so many high-ranked SENPAI of the RYÛKYÛ KOBUDÔ TESSHINKAN KYÔ KAI yet, TAMAYOSE HIDEMI SENSEI defined the following criteria in order to achieve a dôjô-licence (2009):

- being a Tesshinkan-member for at least 5 years,
- holding a Tesshinkan-black-belt for at least 3 years,
- a singular payment of 10,000 Yen admission fee,
- an annual licence fee payment of 10,000 Yen.

The granting with a dôjô licence is legitimized by a certification.

☞ The period, while this licence is valid, always lasts until the 22nd May of following year, the founding date of the RYÛKYÛ KOBUDÔ TESSHINKAN KYÔ KAI, and has to be renewed annually.

In order to renew their licence the heads of the dôjô have to sent their written prolonging application including the fee (currently 10,000 Yen) to the technical director of their respective country (Shibu-Chô) annually by 31 March, who, after having collected these, sends them to the head of RYÛKYÛ KOBUDÔ TESSHINKAN KYÔ KAI or alternatively transmits them to the technical director for Europe.
